TRX 766 Zero-Turn Mowers

12-way adjustable
suspension seat

TorqFlex
front suspension

Torsion axle with
patent-pending track
system

Choose Aero Deck
finish cut or all-terrain deck

Flat-free tires

TRX models are available with a finish cut Aero Deck or an all-terrain deck (shown). Either deck is available as an optional accessory.

Optional 6 way, 72" hydraulic utility plow with 7 gauge trip frame superstructure.

AERO DECK™ FINISH CUT MOWER DECK

Aero Deck™ Cutting System – High output cutting and mulching system features heat-dissipating spindles and adjustable baffles

Engineered Performance – Deep-deck design with non-obstructive internal surfaces creates optimal airflow for maximum grass lift, superior cutting uniformity, reduced clumping and efficient grass processing

Available Deck Widths – 66 in.

Targeted Blade Tip Speed – 18,500 fpm

Height-of-Cut / Increment – 3.0 in. to 7.0 in. / .25 in. increments

ALL-TERRAIN MOWER DECK

Tough...for the Tough Jobs – Heavy-duty, fabricated, reinforced steel deck with three multi-bearing, heat-dissipating deck spindles. Sloped back rear discharge design efficiently processes material.

Multi-Cut Blades – Industry-exclusive blades pivot when hitting an immovable object to protect the blade, spindle and engine. Forged and heat-treated for exceptional, long-lasting sharpness.

Available Deck Widths – 66 in

DIMENSIONS

TRX 766 – 96" x 67.5" x 79"

Dimensions are length x width (deck) x height ROPS up

ACCESSORIES

Collection System, Power Deck Lift, Receiver Hitch, Standard Hitch, Lawn Striping Kit, Discharge Cover, Light Kit, Mulch Kit

PRODUCTIVITY DESIGN FEATURES

Maximum Performance Engine – Vanguard™ EFI 37 hp **Electronic Fuel Injection** – Powerful and efficient engines to maximize overall performance, fuel economy and provide more reliable starting

Large Capacity Fuel Tanks – 14 gallons for hours of work without stops

Tough Tracks – The TRX track system delivers maximum traction for stability and low ground pressure for minimal earth compaction

TOUGHNESS

Frame – Durable C-Channel Frame Rails are laser-cut and formed from heavy-gauge steel for maximum strength and rigidity

Drive System – Hydro-Gear® ZT-5400 High/Low transmissions

Deck Spindles – Aero Deck features massive heat-dissipating aluminum housings with two double-row sealed commercial bearings; all-terrain deck has steel spindles. Both are engineered for strength and durability

Front Fork – Rugged 3/8 in. thick steel

Fork Castors – Heavy-duty bearings; sealed and permanently lubricated

PTO Clutch – 250 ft-lb torque

Belt Idlers – Sealed bearing belt idler system

Electrical Connections – Delphi® industrial watertight connectors

Fold-away ROPS – Integrated design enhances the style and overall fit and function

OPERATOR COMFORT FEATURES

Exclusive Front Frame Viewport – Notch design provides improved visibility and sight line

Seat – 12-way adjustable high-back suspension seat with arm rests, operator weight adjustment, and fore and aft adjustment

12-Volt Accessory Outlet – Convenient integrated 12V charging plug and device storage compartment

TorqFlex™ Front Suspension – deliver stability, a smooth ride and reduce operator fatigue

Rear Torsion Axle Suspension – 11" wide tracks bridge over uneven ground and articulate over the roughest terrain

SMARTRAC™ MONITORING SYSTEM

Maintenance Reminders – System automatically provides reminders to perform maintenance at operational intervals of 100 and 400 hours

Digital Gauge and Alarm Protection – Hydraulic drive overheat alarm, resettable hour meter, digital and analog RPM gauge, low oil pressure alarm, low oil pressure light

Onboard Clock – Integrated digital clock

Durable – Weather-resistant to withstand the elements

Power through the harshest conditions and rough terrain with flat-free tires and rear-mounted torsional axle suspension and track system.
